

WORKERS' COMPENSATION PROGRAM

MEMORANDUM

Date: **April 30, 2010**

To: **Workers' Compensation Programs**

From: **Beverly Simmons, Executive Director
Workers' Compensation Programs**

Re: **New partnership with Modern Medical Inc.**

WHWCP has now formally initiated the new pharmacy benefit management program with Modern Medical Inc. You should have received your initial allotment of 25 Instant Access Pharmacy Cards as well as instructions on how to use these cards for payment of a 10-day supply of prescription medication, if needed.

If you have an injured employee complete an SIF-2, you should also give them an Instant Access Pharmacy Card. **It is important that you print the employee's name, social security number and claim number on the card.**

You do not need to do anything new for your open claims. Modern Medical will send an individualized card directly to each of your injured workers for their authorized prescriptions.

As your supply of Instant Access Pharmacy Cards begins to run low, please be sure to order additional cards from us using the Claims Supply Order form found on our website's resources page at: whwcp.com/resources. Please note: **delivery for additional Instant Access Pharmacy Cards takes three weeks.**

More information about Modern Medical Inc, the Instant Access Pharmacy Cards, how to find a participating pharmacy and the last two memos can be found on our website at whwcp.com/resources.

Please feel free to call Matt Pangallo, Supervisor of Claims Services at 206-216-2542 or MatthewP@wsha.org if you have questions or concerns.
